MAR 4 1970 ~~MAR 3~~ 1970

CONTENTS

VOLUME 131, No. 2, 1970

HARVEY CANTOR, RICHARD ASOFSKY, and NORMAN TALAL. Synergy among lymphoid cells mediating the graft- <i>versus</i> -host response. I. Synergy in graft- <i>versus</i> -host reactions produced by cells from NZB/Bl mice.....	223
HARVEY CANTOR and RICHARD ASOFSKY. Synergy among lymphoid cells mediating the graft- <i>versus</i> -host response. II. Synergy in graft- <i>versus</i> -host reactions produced by Balb/c lymphoid cells of differing anatomic origin.....	235
MARC FELDMANN and ERWIN DIENER. Antibody-mediated suppression of the immune response in vitro. I. Evidence for a central effect.....	247
ALAN C. AISENBERG. Allogeneic thymus grafts and the restoration of immune function in irradiated thymectomized mice.....	275
P. M. HENSON. Release of vasoactive amines from rabbit platelets induced by sensitized mononuclear leukocytes and antigen.....	287
VERONICA E. COYNE(ZAVATONE), IRVING MILLMAN, JAMES CERDA, B. J. S. GERSTLEY, THOMAS LONDON, ALTON SUTNICK, and BARUCH S. BLUMBERG. The localization of Australia antigen by immunofluorescence.....	307
CHARLES HUGGINS, LORRAINE GRAND, and HISAO OKA. Hundred day leukemia: preferential induction in rat by pulse-doses of 7,8,12-trimethylbenz(a)anthracene.....	321
TAKETOSHI SUGIYAMA and FILOMENA P. BRILLANTES. Cytogenetic studies of leukemia induced by 6,8,12- and 7,8,12-trimethylbenz(a)anthracene.....	331
THOMAS J. KINDT, CHARLES W. TODD, KLAUS EICHMANN, and RICHARD M. KRAUSE. Allotype exclusion in uniform rabbit antibody to streptococcal carbohydrate.....	343
J. ANDERSSON, D. KILLANDER, E. MÖLLER, and G. MÖLLER. Rapid lymphocyte recognition of histoincompatibility. Changes of the deoxyribonucleoprotein complex in mixed cultures of allogeneic human lymphocytes.....	355
ARTHUR I. GRAYZEL and CAROLYN BECK. Rubella infection of synovial cells and the resistance of cells derived from patients with rheumatoid arthritis.....	367
RAYMOND A. MCBRIDE and LOUIS W. SCHIERMAN. Hapten-carrier relationships of isoantigens. A model for immunological maturation based on the conversion of haptens to carriers by antibody.....	377
DARCY B. WILSON and PETER C. NOWELL. Quantitative studies on the mixed lymphocyte interaction in rats. IV. Immunologic potentiality of the responding cells.....	391
J. WAYNE STREILEIN and R. E. BILLINGHAM. An analysis of the genetic requirements for delayed cutaneous hypersensitivity reactions to transplantation antigens in mice.....	409
